

PYTHON QUESTIONS?

Fedora has a Special Interest Group dedicated to Python.

- Mailing list:
`python-devel@lists.fedoraproject.org`
- IRC
`#fedora-python (irc.freenode.net)`

GET PACKAGES

Searching for a Python package in Fedora?

```
dnf search python
```

Want to install what you find?

```
dnf install python-thingy
```

DID YOU KNOW?

- Anaconda, the Fedora OS installer is written in Python
- DNF, the tool to resolve dependencies and install new software in Fedora, is built with Python and supports Python 2&3
- Inkscape, Gimp, and Blender include Python support, so you can script all sorts of graphics plugins in Python!
- Ansible, OpenStack, and PiTiVi are all built with Python.
- Python has been included in Fedora since Fedora Core 1. That's 13 years of love!
