

Zetta Z11 / Z11EX mini DVR

Security is the most concern for home and shop. Zetta presents the Z11 mini recorder for **96 hours circular recording**. With **timestamp** on video, every moment is recorded in fine details.

Every happy moment should be recorded by Z11 and share with your friends. Z11 saves video in 10 / 15 / 30 / 60 minute interval, **easy upload to video websites**.

sales@zetta.com.hk

Can't remember what is discussed after meeting? No problem. Z11 is there to help you record every participant's conversation and motion. **8 hours (Z11) / 24 hours (Z11EX)** continuously, long enough.

Although Z11 is **small** like a match box, it can support **32GB microSD card**. Best be used for driving recording.

Function

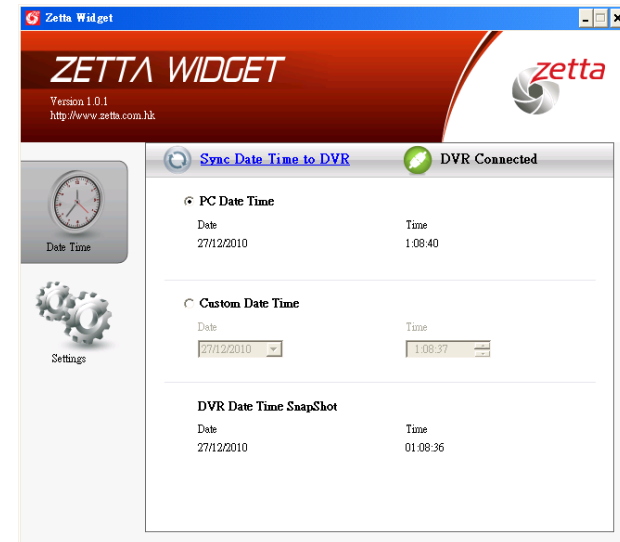

- **96 hours Circular Recording**
Powering by 5V DC adapter can provide 96 hours circular recording. Helps you safeguard your valuables.
- **8 / 24 hours Continuous Recording**
Powered by internal battery, you can readily record 8 / 24 hours on-the-GO video, long enough under most situations.
- **Support 32GB microSD card**
1GB memory can record up to 3 hours video. Support maximum 32GB microSD memory card, record more.
- **Split Video**
Select to save video in 10 / 15 / 30 minute interval, easy upload to video websites.
- **Timestamp**
Choose to display or not display the timestamp on video, precisely tag the recording time.
- **Selectable Resolution**
Select between VGA (640x480) and QVGA (320x240) to suit your need. VGA provides better quality while QVGA provides longer recording time.
- **Act as USB thumb drive**
