

Smoke Outlook for 6/19 - 6/20 North Central Arizona Mangum Fire

Issued at: 2020-06-19 10:11 MDT

Special Statement

Additional fires are occurring and may impact air quality. Smoke Outlooks for the Southwest Region, the Bush, Bighorn & Gila NF Fires can be found here:

https://wildlandfiresmoke.net/outlooks/

Fire

The Mangum Fire is 61,210 acres and 4% contained.

Mangum smoke that settled to the east of the fire and down along Colorado River drainage will take a little longer to lift this morning with a slightly stronger inversion. Skies will remain hazy until westerly winds pick up mid-day. This evening Mangum smoke will generally settle to the east and down to the southeast. Page/Lechee into Lee's Ferry could see light smoke in the the evening and smoke again settling south along the Colorado River drainage. Smoke will be the heaviest from late evening to early morning tomorrow along an area from Cameron to Winslow.

Health

If you begin to notice health effects from smoke, you are encouraged to follow the "actions to protect yourself" listed below. Always remember if you smell smoke, you are breathing smoke.
