## Green Waste Disposal Site Opening Dates Announced

**Williams, Ariz., April 17, 2018—For Immediate Release.** The Kaibab National Forest in cooperation with the Parks Area Connection and Sherwood Forest Estates Fire District are announcing dates the green waste disposal site will open to residents for dumping of woody debris materials from private property.

This alternative site is being offered to the local community as a result of the temporary closure of the Moonset Pit while undergoing construction to expand capacity for future operations.

The green waste disposal site located at the old dump site off forest road 900 north of Pittman Valley will be staffed and open between the hours of 08:00am and 2:00pm on the following dates. Users will only be allowed to access and discard herbaceous material on these dates while staff is present.

Saturday, May 12, Sunday, May 27.  
Saturday, June 9, Saturday, June 23.  
Saturday, July 14, Saturday, July 28.  
Saturday, August 11, Saturday, August 25.  
Saturday, September 8.

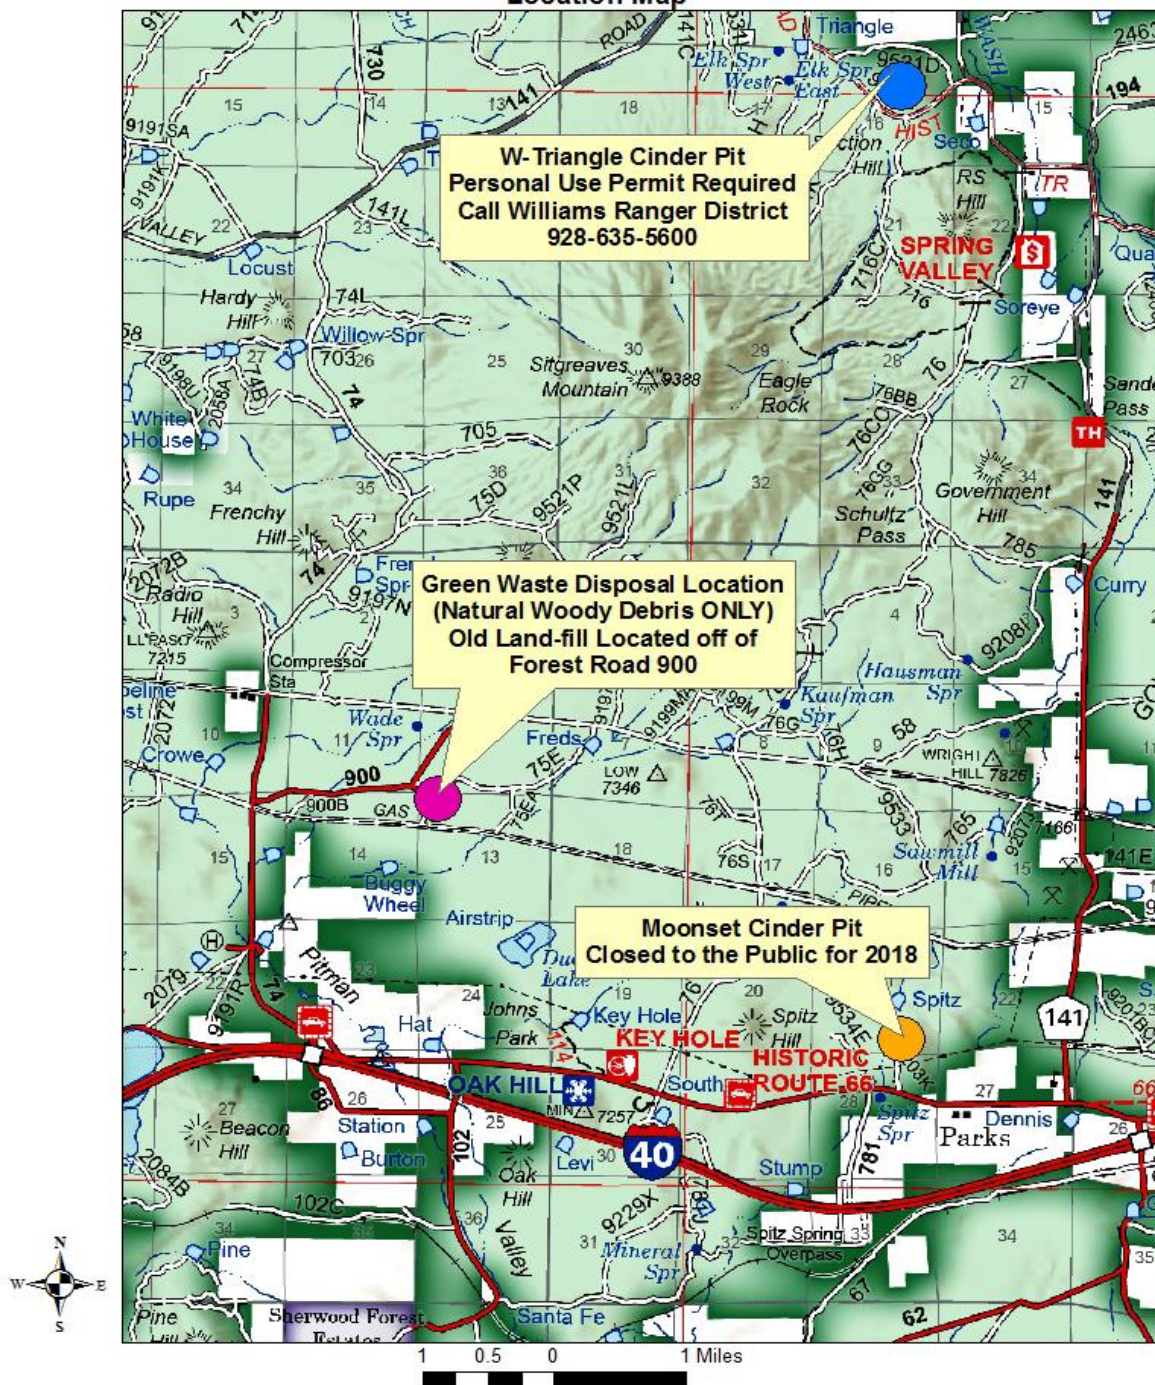

Residents are encouraged to take advantage of these services in order to make their private property more defensible against the threat of wildland fire. No garbage, household trash, building materials, lumber or other items will be allowed. Materials should not be bagged.

An alternative cinder collection site has also been offered to residents in the interim until the Moonset Pit re-opens in 2019. The W-Triangle Cinder Pit just north of Spring Valley will be available to residents for personal use cinder collection. Personal mineral material permits are available at the Williams Ranger District office at 742 S Clover road during regular business hours Monday through Friday. The pit will remain open to all users who possess a valid permit for collection with no time or date restrictions.

For more information on the about the Moonset Pit expansion project contact Deirdre McLaughlin at [damclaughlin@fs.fed.us](mailto:damclaughlin@fs.fed.us) 928-635-5662
