Kaibab National Forest to sell Christmas tree permits later this month

WILLIAMS, Ariz. – The Kaibab National Forest will sell over-the-counter Christmas tree tags for each of its three ranger districts later this month. The permit will allow the holder to cut a tree of a particular species within a designated area on the Kaibab National Forest until Dec. 24.

The tags will be sold on a first-come, first-served basis until they are gone. Tags are \$15 per tree. No refunds will be made, even if weather conditions prevent access to cutting areas. Tags for the North Kaibab Ranger District will be available starting Nov. 20, while tags for the Williams and Tusayan districts will be available starting Nov. 21. Customers will be provided a map that shows the designated cutting areas along with additional Christmas tree cutting instructions. The number of available tags and contact information for each ranger district is as follows:
