### **Red Flag Warning Today for Kaibab National Forest;** **Fire Restrictions Remain in Effect**

WILLIAMS, Ariz. – The National Weather Service has issued a Red Flag Warning for today from 11 a.m. to 7 p.m. for much of northern Arizona including large portions of the Kaibab National Forest.

Visitors to the Kaibab National Forest are advised to refrain from having a campfire when Red Flag Warning conditions exist. This advisory covers all campfires across the forest, including in developed campgrounds.

A Red Flag Warning occurs when the forecast shows strong wind and low relative humidity creating an increased potential for large fire growth. The campfire advisory remains in effect until the Red Flag Warning ends.

The Williams and Tusayan Ranger Districts of the Kaibab National Forest implemented campfire and smoking restrictions April 18 in order to protect public health and reduce preventable human-caused fires. Fire restrictions have not yet been implemented on the North Kaibab Ranger District due to different weather and fuels conditions.

Under the restrictions, fires, campfires, charcoal, coal and wood stoves are allowed in developed campgrounds only. The restrictions also limit smoking to within enclosed vehicles or buildings or in developed campgrounds. During the duration of a Red Flag Warning, visitors are advised to refrain from having a campfire even in developed campgrounds.
