Williams and Tusayan Ranger District offices to offer limited services May 30 - 31

WILLIAMS, Ariz., May 23, 2019 – The Williams and Tusayan Ranger District offices of the Kaibab National Forest will offer limited public services on Thursday, May 30, and Friday, May 31, due to scheduled training for front desk staff members.

While both offices will remain open for general public information, services such as the issuance of permits, passes and maps will not be available on the two identified dates. Specific services and products that will not be available include firewood, cinder, and other forest product permits; interagency and other recreation passes and permits; map sales; and any transaction requiring the issuance of official permit documentation.

All normal services offered through the Williams and Tusayan Ranger District offices will resume on Monday, June 3. Forest managers recognize that the limited services on May 30 and 31 may cause inconvenience and appreciate the public's patience as employees receive critical training.
