## Coconino NF lifting seasonal road closures

**Flagstaff, Ariz., March 21, 2016, For Immediate Release** — Forest roads across Coconino National Forest are opening as warmer weather approaches and the roads are becoming suitable for motorized travel.

The vast majority of forest roads across each district are currently open, but there are still a few that are closed due to wet and muddy conditions that can be the cause of people getting stuck and also cause damage to the roads.

For a list and status of all the major forest roads on each district, please visit [www.coconinonationalforest.us](http://www.coconinonationalforest.us) and click on **Road Status** in the right column under *Quick Links* or call the district office of the forest road in question:
